

Activities of the group are regularly publicized through the Facebook group, **“North Texas Digital Fabrication Group”**
www.facebook.com/groups/NTDFG/

For more information, please join the Facebook group or contact **James.Thurman@unt.edu**

North Texas Digital
Fabrication Group

THE NORTH TEXAS DIGITAL FABRICATION GROUP

was formed to facilitate the free exchange of information among members of the group. Group members are from North Texas area universities (University of North Texas, Texas Women's University, and University of Texas Dallas) and engaged in some aspect of digital fabrication.

Through the support of a faculty mentoring grant from UNT, the group has connected faculty of all academic levels to facilitate mentoring through shared research interests.
